

FLEXIBLE Ceramic Coating

ADVANCED PERFORMANCE PROPERTIES

- *VERY HIGH ADHESION*
3-5 times better than standard epoxies
- *Extremely Low Moisture Perm Rate*
- *Excellent Abrasion and Corrosion Resistance*
- *Excellent Barrier Coat*
- *Direct to Substrate – NO Primers*
- *High Surface Lubricity*

BRUSH, ROLL OR SPRAY

ENCAPSULATING CERAMIC SHELL TECHNOLOGY

...for performance properties beyond comparison, ask for **CeRam-Kote 99** – a thin-film, ceramic high performance coating for use in tough environments to protect expensive equipment.
