

Vacuum Form Molds

"Our company salvaged a \$30,000 epoxy mold with less than \$400 of CeRAM-Kote VMFthe ability to wet sand actually gave us finer finished parts" Owner, Aerospace Industry.

Would you like:

- **Finer surface finish**
- **Longer mold wear life**
- **Tighter vacuum**
- **Repair and modification ability**
- **Salvage old molds**
 - **Repair leaks**
 - **Repair cracks**
 - **Restore worn surfaces**
 - **Radius corners**

Triple the useful life of new epoxy molds

Refurbished molds out perform and outlast new epoxy molds.

Ask for: **CeRam-Kote VMF "Vacuum Mold Finisher"**
